Who We Are

Quality • Precision • Reliability

Aluminium & glass, done properly.

Apex Aluminium and Glass Solutions is a Mazeras-based company specialising in the design, fabrication and installation of aluminium and glass products. From sliding windows and doors to full curtain-wall façades, we turn architectural ideas into clean, durable and functional finished spaces.

We work with homeowners, developers, architects, contractors, retailers and corporate clients who want modern finishes without compromising on strength, safety or value.

Every project is guided by three promises: Quality, Precision and Reliability.

OUR MISSION

- To deliver stylish, durable and innovative aluminium and glass solutions that elevate modern spaces, on specification, on budget and on time.

OUR VISION

- To be the trusted first choice for aluminium and glass works, known for craftsmanship, innovation and dependable service.

OUR VALUES

- Quality in every detail
- Precision in every measurement
- Reliability in every promise
- Integrity and customer focus

Our Work

We deliver stylish, durable and innovative solutions for modern spaces.

Our Services

Everything aluminium and glass, under one roof

From the first measurement to the final handover, we offer a complete range of aluminium and glass solutions for residential, commercial and institutional projects.

01 Sliding Windows & Doors

Aluminium and uPVC systems that save space and flood rooms with light.

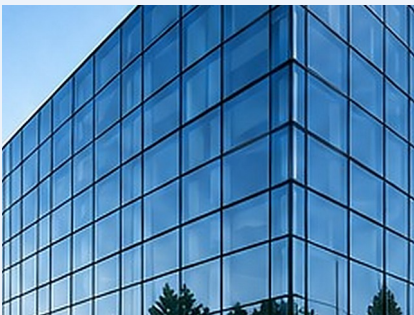

02 Steel Casement Windows & Glass Fittings

Strong, slim-profile windows with refined glass fittings.

03 Display Cabinets, Podiums & Showcases

Custom glass display units that put products centre stage.

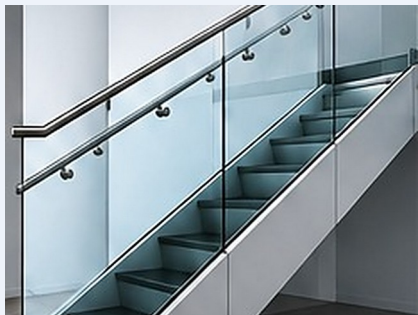

04 Curtain Walling

Sleek glass façades for commercial and institutional buildings.

05 Office Partitioning

Bright, flexible glass partitions for modern workspaces.

06 Fabrication & Installation

Custom aluminium and glass works, expertly made and fitted.

Who We Serve

Homeowners

Windows, doors and glass fittings for homes and apartments.

Developers & Contractors

Reliable supply and installation for residential and commercial projects.

Businesses & Institutions

Shopfronts, partitions, showcases and façades for working spaces.

Building Excellence, Enhancing Spaces.

01

Aluminium / uPVC Sliding Windows & Doors

Space-saving, smooth-gliding and built to last

Overview

Our sliding systems open up your space to light and views while saving valuable floor area. Available in aluminium and uPVC, each unit is custom-made to your exact opening, with a choice of frame finishes and glass types.

Key Features

- Smooth-gliding rollers and quality hardware
- Slim frames and large glass panels for maximum light
- Secure multi-point locking options
- Weather-resistant seals against dust and rain
- Powder-coated colours: black, bronze, white, silver and more
- Single, double and multi-panel layouts

IDEAL FOR

- Patios, balconies and living rooms
- Shopfronts and office entrances
- Hotels, restaurants and terraces

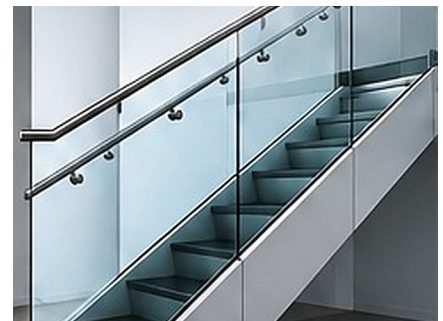

GLASS OPTIONS

- Clear and tinted glass
- Tempered (safety) glass
- Frosted and double-glazed options

BENEFITS

- Saves floor space
- Low maintenance
- Modern, timeless look

More From Apex

Open up your space with doors and windows made to measure.

02

Steel Casement Windows & Glass Fittings

Classic strength with a sleek, modern profile

Overview

Our casement windows open outward on durable hinges for full ventilation and a tight, secure seal. Paired with quality glass fittings, they give homes and commercial buildings a refined, long-lasting finish.

Key Features

- Slim steel profiles with strong, minimal sightlines
- Side-hung and top-hung opening styles
- Secure locking handles and robust hinges
- Rust-protective finishes for lasting performance
- Clear, tinted, frosted and tempered glass
- Made to your exact sizes

GLASS FITTINGS

- Glass balustrades and handrails
- Glass doors and hardware
- Glass panels and mirrors

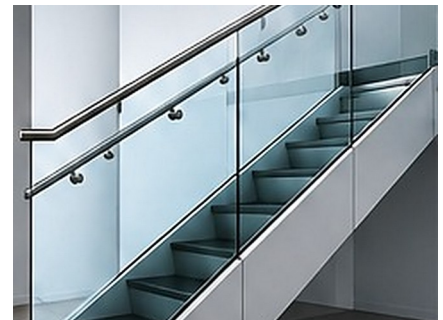

IDEAL FOR

- Residential homes and apartments
- Offices and institutions
- Staircases and balconies

BENEFITS

- Excellent ventilation
- Strong and secure
- Elegant, modern finish

More From Apex

Strength you can trust, style you will love.

03

Display Cabinets, Podiums & Showcases

Show your products at their very best

Overview

Custom-built aluminium-framed glass display units that present products, trophies and collectibles with clarity and security. Designed to suit retail, exhibition and corporate spaces.

Key Features

- Slim aluminium frames with clear or tempered glass
- Adjustable glass shelving
- Lockable doors for security
- Provision for LED display lighting
- Free-standing, wall-mounted, counter and podium styles
- Custom sizes and finishes

IDEAL FOR

- Retail shops and boutiques
- Exhibitions and trade shows
- Offices, awards and trophies

DESIGNED WITH

- Safety-edge glass
- Stable, solid frames
- Easy-clean surfaces

BENEFITS

- Products stay visible
- Secure and dust-free
- Built to your brief

More From Apex

Great products deserve a great display.

04

Curtain Walling

Modern façades that make a statement

Overview

Aluminium-framed glass façades that give buildings a sleek, contemporary look while letting in generous natural light. Our curtain-wall systems are designed for strength, weather-tightness and visual impact.

Key Features

- Aluminium framing with full glass infill
- Clean, uninterrupted glass lines
- Reflective, tinted and clear glass options
- Weather-tight sealing and drainage
- Integrates windows and entrance doors
- Custom grid layouts and finishes

IDEAL FOR

- Commercial and office buildings
- Malls, hotels and showrooms
- Schools and institutions

ADVANTAGES

- Lightweight yet strong
- Maximum daylight
- Premium architectural look

FINISHES

- Black, silver and bronze frames
- Tinted and reflective glass
- Custom colour matching

More From Apex

A façade that turns heads and stands the test of time.

05

Office Partitioning

Open, flexible and professional workspaces

Overview

Glass and aluminium partitions that divide space without closing it in. They create meeting rooms, private offices and reception areas that feel bright and open while improving privacy.

Key Features

- Full-height and half-height glass partitions
- Slim black or silver aluminium frames
- Single and double glazed options
- Sliding and swing door options
- Frosted film and branding options
- Clean, fast installation with minimal disruption

IDEAL FOR

- Corporate offices and banks
- Clinics and schools
- Co-working and retail spaces

ADVANTAGES

- Natural light flows through
- Improved privacy
- Easy to reconfigure

LOOK & FEEL

- Contemporary and professional
- Neutral or branded finishes
- Slim, elegant sightlines

More From Apex

Create spaces that work as well as they look.

06
